

Product Data Sheet

Fellert Even Better C-Channel

Product Description

The Even Better C-Channel is used to finish the Even Better Acoustical Board and the Even Better Plaster to an adjacent surface. The product can be cut to flex and fit around gradual shapes and angles.

The Even Better C-channel is not designed to be a self-finished exposed edge detail, e.g. for clouds or exposed return angles

Installation

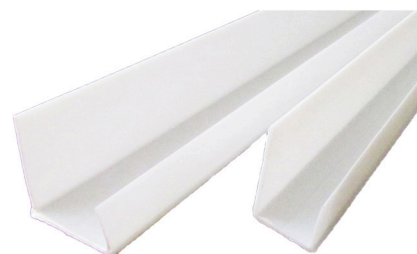

As described in the FELLERT Even Better Installation Guide. Contact Styjl for more information.
