

Product Data Sheet

Fellert Even Better Primer

Product Description

Used for priming the mesh tape joining of the wall channel trim and Even Better Acoustical Board and drywall in its entirety when doing non-acoustical board installations. The primer is also used to coat plastic beads and any drywall rippers.

Installation

Mix thoroughly before use.

Apply using a paintbrush.

Use safety goggles to avoid splashing into the eyes.

Wash your hands after use.

Allow drying for at least 6 hours before applying the Even Better plaster

Properties

Packaging: 5 litre (1,3 U.S. gallons) per pail.

Primer coverage: 180 Lm (591 lft) for trim transitions or 40 m2 (431 sqft) for general applications.

Completely cured after 24 h.

Storage

Store in enclosed dry environment and at normal room temperature. Avoid freezing.

Keep away from direct sunlight.

Storage time: 12 month
